Dilia Chambers 1752 14 Aug 20 Very quick to respond and gentleman was very courteous. Eric Williams 2048 12 Aug 20 Service technician Ronnie Wolfe came out to look at an issue with my softener system and it turned out to be an electrical issue that had nothing to do with Culligan, Ronnie stayed onsite and worked with me directly to troubleshoot and ultimately repair the issue and even replaced some of the older outlet hardware as part of service, its individuals like Ronnie Wolfe that make Culligan a wonderful service to partner with, if you are thinking about getting a system, I would definitely recommend the Culligan team usernamxx 1831 12 Aug 20 I could not be happier with the service provided by Juan Lucas with Culligan of Houston. He was punctual, informative, and there was no question that he knows the Culligan water softener products inside and out. Juan was rapid in his diagnosis, did his repair in a short period of time, took time to explain to me what he had done and what to look out for, and was swiftly on his way to take care of his next customer. He is a credit to your organization and you are very fortunate to have people like him on your team. Saad Khan 2010 10 Aug 20 I would highly recommend them they resolved all my problems and have completely satisfied customer Cindy Wang 2344 08 Aug 20 Great water, good service. We have a service contract with them for our 2 softeners we have at our home. Both were not utilizing salt.

I was unaware we had a problem until the service man showed up and said they have noticed we were not using salt as we should. Both units repaired in that visit. I appreciate their thoroughness and attention to detail. They are all very polite and provide great service. I would definitely recommend them. Patricia Varela 1803 30 Jul 20 Very friendly delivery crew Alma Ochoa Razo 1933 29 Jul 20 Lucas Hawk 1835 28 Jul 20 I fully endorse this company and their products. Specifically their sales representative Forrest. He performed a thorough assessment of my water and sold me exactly what I needed, nothing extra. The installation tech came out and did his job quickly and professionally. Most of all after buying this product, the dishes are now spotless and clear. No more cloudiness residue from the dishwasher or having to prescrub all the dishes. Also, my dishes finally get dry in the dishwasher as well. I used to have to dry to put in cabinets, this is a huge timesaver. Lastly, the soap that comes with the system is great. Nice smelling, good cleaning and makes you feel cleaner after a shower. I will never have a house without one again. I would definitely recommend this product to all friends and family. Thanks Culligan!!!! What I dont like, as a new customer, is that Im told I will get a delivery to my home and NOBODY SHOWS UP OR CALL ME so I go to the store to get water. Unreliable. I am forgiving. once or twice. C Pearce 1114 22 Jun 20 We were Culligan customers in Kerrville, so we knew what we wanted for our drinking water when we moved here. It really is a system that you purchase and Culligan takes care of the rest for you, you simply sit back and enjoy the fruits of their labors. We have been on service for over a decade. We knew it was working when we saw 15 years of sediment naturally cleared from our water pipes once it was in place. We love that our salt is delivered and the system regularly checked by Culligan. Our Culligan rep, Joe Nguyen just did a water check and its still working wonderfully after three years. Would definitely recommend Culligan of Houston to anyone looking for a whole house water treatment system. He is sunshine and smiles EVERY TIME and that makes all the difference in today's fast pace world. Their employees are very enjoyable and professional.
